

Aurélien TEILHET

Computer Science, Statistics & AI Engineer Student

Location: Lille, France | Birth Date: 02/11/2002

LinkedIn: [linkedin.com/in/aurelien-teilhet](https://www.linkedin.com/in/aurelien-teilhet) | Portfolio: aurxdev.github.io

SUMMARY

Driven by a strong interest in software development and artificial intelligence, I am seeking a computer science internship of at least 9 weeks starting in February 2027.

WORK EXPERIENCE

Full-Stack Developer (Apprentice)

Sept 2024 – Present

Pragmatism IT

Lille, France

- Developed dynamic and responsive user interfaces using **Angular**.
- Designed and implemented RESTful APIs using **NestJS** and **C#/.NET**.
- Optimized application performance with a **50% reduction in API calls** through query redesign.
- Conducted end-to-end testing using **Cypress**.
- Translated functional requirements into technical specifications.

Python and Go Developer (Intern)

March 2024 – July 2024

Alloa Voyages

Lille, France

- Developed company software solutions using **Go** and **gRPC**.
- Created user interfaces and backend integrations for the website using **Django**.

EDUCATION

Computer Science, Statistics, and AI Engineer Degree

2024 – 2027

Polytech Lille

Villeneuve-d'Ascq, France

Bachelor of Science in Computer Science (With Honors)

2021 – 2024

Faculty of Sciences Jean Perrin

Lens, France

Preparatory Class MPSI (Mathematics, Physics, Engineering Sciences)

2020 – 2021

Albert-Châtelet Secondary School

Douai, France

TECHNICAL & HARD SKILLS

- **Programming Languages & Frameworks:** C, C#/.NET, Python, Go, JavaScript, Angular, NestJS, Django, gRPC, SQL.
- **Cloud & DevOps / Systems:** Microsoft Azure, Docker, Linux, Git.
- **Data & AI / Mathematics:** Data Structures, Algorithms, Linear Algebra, Statistics, Machine Learning.
- **Testing & Tools:** Cypress, Unit Testing, Codingame, Kaggle.

PERSONAL PROJECTS

- **Pokémon-inspired Video Game (C# / Unity):** Designed core game systems (physics, collisions, inventory) and unit tests.
- **Web Showcase Development:** Created professional websites for structural engineering clients (*2BAT Construction*, *SMPLocation*).
- **Algorithm & ML Practice:** Continuous practice on **Codingame** (algorithms) and **Kaggle** (machine learning).

LANGUAGES & INTERESTS

- **Languages:** English (Level B2 / TOEIC), French (Native).
- **Soft Skills:** Versatile, Team Cohesion, Dynamic, Problem-solving.
- **Hobbies:** Reading, Video Games, Strength Training.
